ERC/
 From:
 Dr. R.N. Das, I.A.S.,
 Secretary, WBERC.

To
 The Secretary & General Manager (Commercial),
 Dishergarh Power Supply Co. Limited,
 8, Rajendra Prasad Sarani (Clive Row),
 Kolkata - 700 001.

Sub: Petition for FPPCA for the period from April, 2000 to September, 2000 and October, 2000 to 31st March, 2001.

Ref: Your letter No. Comml/IV/004/FSC/5 dated 6.2.2002.

Sir,

I am directed to refer to the letter under reference on the subject mentioned above and to forward the relevant portion of the order of the Commission dated 8.3.2002 with reference to your petition nos. FPPCA - 01/00 - 01 and FPPCA - 02/00 - 01 on tariff order of the Commission dated 10.8.2001 for tariff petition of Dishergarh Power Supply Co. Ltd. for the year 2000-01 and 2001-02 as indicated below for taking necessary action at your end:

"We may now put these figures in the formula as follows :

$$(3571.86 + 15828.01) - 409.29 - 18490.99$$

FPPCA =-----

$$(220.299 + 594.068) \times (1 - 0.04)$$

$$= 499.59 \text{ in Rs. in lakhs}$$

$$781.792 \text{ MU}$$

This leads to a sum of 6.39 p./kwh.

It may be borne in mind that we have followed the formula which we had enunciated in arriving at the FPPCA as above.

As the FPPCA would be admissible for a past period and realization at one time would pose a difficulty to the consumers, we feel that the adjustment of sums payable by the consumers be realized in the bills payable in April, May and June, 2002 in equal installments after calculating the sums due from each consumers.

We further direct that the bills to the consumers for all these months as above should show the total surcharge towards FPPCA and the sum to be realized in each month in lines separated for the

sums for current consumption."

Yours faithfully,

(R. N. Das)
Secretary
