[See Rule 5 of the West Bengal Electricity Regulatory Commission (Appointment of Chairperson and Members, Budget and Annual Report) Rules, 2003 issued under notification no. 337-Power/III dated 29.12.03]

**Annual Report of the West Bengal Electricity Regulatory Commission
For the year 2010-11 (upto 31st March, 2011)
(u/s 105 of the Electricity Act, 2003 and Rules made thereunder)**

1. **Introduction** – The Govt. of West Bengal constituted The West Bengal Electricity Regulatory Commission (WBERC) under sub-section (1) of section 17 of the Electricity Regulatory Commissions Act, 1998 (14 of 1998), vide Notification No. 06-Power/III dated 6.1.1999. The Commission became formally functional with the joining of its first Chairperson on 31.3.1999. The Electricity Regulatory Commissions Act, 1998 was repealed by the Electricity Act, 2003 (36 of 2003). The Electricity Act 2003 came into force w.e.f. 10.06.03. The WBERC established under section 17(1) of the Electricity Regulatory Commissions Act, 1998 became the State Commission for the purposes of The Electricity Act, 2003 in terms of first proviso to sub-section (1) of section 82 of the said Act.

The State Commission continued as a body corporate by the name aforesaid (WBERC), having perpetual succession and a common seal, with power to acquire, hold and dispose of property, both movable and immovable, and to contract and shall, by the said name, sue or be sued.

2. **Organization Chart :-**

3. Functions of the Commission:-

Previously i.e., prior to 10.6.2003, the Commission was to discharge only those functions that had been given to it by the State Government under the Electricity Regulatory Commissions Act, 1998 (No. 14 of 1998).

After repeal of the Electricity Regulatory Commissions Act, 1998 and its replacement by the Electricity Act, 2003 with effect from 10.6.2003, the functions of the Commission were widened. Section 86 of the Electricity Act, 2003 outlines the functions of the Commission which are reproduced below:-

"86(1) The State Commission shall discharge the following functions, namely:—

- (1)(a) determine the tariff for generation, supply, transmission and wheeling of electricity, wholesale, bulk or retail, as the case may be, within the State:

Provided that where open access has been permitted to a category of consumers under section 42, the State Commission shall determine only the wheeling charges and surcharge thereon, if any, for the said category of consumers;

- (b) regulate electricity purchase and procurement process of distribution licensees including the price at which electricity shall be procured from the generating companies or licensees or from other sources through agreements for purchase of power for distribution and supply within the State;
- (c) facilitate intra-State transmission and wheeling of electricity;
- (d) issue licenses to persons seeking to act as transmission licensees, distribution licensees and electricity traders with respect to their operations within the State;
- (e) promote cogeneration and generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, and also specify, for purchase of electricity from such sources, a percentage of the total consumption of electricity in the area of a distribution licensee;
- (f) adjudicate upon the disputes between the licensees and generating companies and to refer any dispute for arbitration;
- (g) levy fee for the purpose of this Act;
- (h) specify State Grid Code consistent with the Grid Code specified under clause (h) of sub-section (1) of section 79;
- (i) specify or enforce standards with respect to quality, continuity and reliability of service by licensees;

- (j) fix the trading margin in the intra-State trading of electricity, if considered, necessary;
- (k) discharge such other functions as may be assigned to it under this Act;
- (2) The State Commission shall advise the State Government on all or any of the following matters, namely:—
 - (i) promotion of competition, efficiency and economy in activities of the electricity industry;
 - (ii) promotion of investment in electricity industry;
 - (iii) reorganization and restructuring of electricity industry in the State;
 - (iv) matters concerning generation, transmission, distribution and trading of electricity or any other matter referred to the State Commission by that Government;
- (3) The State Commission shall ensure transparency while exercising its powers and discharging its functions.
- (4) In discharge of its functions, the State Commission shall be guided by the National Electricity Policy, National Electricity Plan and Tariff Policy published under section 3."

These apart, the State Commissions are, inter alia, to help development of market, regulate supply, distribution, consumption and use of electricity, as also to protect the interest of the consumers.

4. State Advisory Committee - Organisation and functions:—

Section 87 of the Electricity Act, 2003 empowers the State Commission to establish a State Advisory Committee with effect from such date as it may specify in a notification. Accordingly, the WBERC issued a notification no. 9/WBERC dated 08.08.2003, published in the Kolkata Gazette on 05.09.2003 constituting the State Advisory Committee w.e.f 01.12.2003. Section 88 of the Electricity Act, 2003 provides Objects of the State Advisory Committee. This section provides that the objects of the State Advisory Committee shall be, to advise the State Commission on major questions of policy matters, matters relating to quality, continuity and extent of service provided by the licensees, compliance by licensees with the conditions and requirements of their licence, protection of consumer interest and electricity supply and overall standards of performance by utilities. In supersession of Order No. 92 issued under Notification No. WBERC/A-22/1/967 dated 17.03.2004, in the matter of composition of the West Bengal State Advisory Committee, the Commission vide Order No. 179 issued under Notification No. WBERC/A-22/2/1155 dated 05.11.2007 laid down composition of the Committee afresh comprising the members including ex-officio Chairperson and ex-officio Members, to represent

the interest of Commerce, Industry, Transport, Agriculture, Labour, Consumers, Non-Governmental Organisations and Academic and Research bodies in the Electricity Sector as required under sub-sections (2) & (3) of section 87 of the Electricity Act 2003.

This Commission takes the advice of Members on policy matters like framing of Regulations etc.

5. Progress of different works of the Commission:-

(a) HIGHLIGHTS OF THE YEAR 2010-2011

- In order to reduce overall system Transmission and Distribution (T&D) Loss as well as to flatten the load curve, the Commission has given special emphasis in its Tariff orders for the year 2010-11 on voltage wise graded Load factor rebate and load factor surcharge if load factor falls below 50%. Rebate at lower load factor percentage level has been reduced and that at higher load factor percentage above certain level has been increased compared to previous year's rate to encourage consumers to improve their load factor.
- The Commission has also given special importance in its Tariff Orders for 2010-11 to Demand Side Management (DSM) by providing rebate at higher rate on high power factor(>92%) to reduce effect of reactive power drawal in the system.
- Specific directives has been given by this Commission in its Tariff Order for the year 2010-11 for initiating a load research by all distribution licensees to identify a) targeted consumer segment b) targeted end-use and c) targeted appliance for DSM intervention.
- An attractive rate for street lighting with metered supply and illuminated with LED has been introduced for the year 2010-11.
- To encourage Time of Day (TOD) tariff mechanism, in the DSM perspective, the Commission, in its Tariff Orders for the year 2010-11, has continued rebate in power factor at a higher rate for the consumers under TOD tariff scheme especially during peak hours than that for the consumers under non-TOD Tariff scheme.
- In order to curb commercial loss, new pre-paid tariff scheme has been rearranged by setting the tariff at uniform rate and for easy availability of vendors of the pre-paid meters.
- In order to curb commercial loss 5% rebate has been introduced in this year on full payment of annual amount in addition to existing 2% rebate for timely payment within due date for un-metered agricultural/irrigation consumers.

- Special emphasis has also been given by the Commission in its Tariff Orders for the year 2010-11 for renewing the directives to conduct Safety Audit, Environmental Audit as well as Audit on Occupational Health Hazards along with ongoing energy audit as per direction given earlier in Tariff Order for the year 2009-10 and to send reports with action taken note to the Commission.
- The Commission has also given emphasis on the directives given in earlier Tariff Orders on other important matters viz (a) installation of meters at the consumer premises now unmetered such as agriculture and street light consumers, (b) installation of power factor controller at the premises of low and medium voltage consumers having connected load of specified limit (c) Distribution transformer and 11KV Feeder metering etc.
- This Commission has published a regulation on Cogeneration and Generation of Electricity from Renewable Sources of Energy in the year 2010-11 repealing its earlier regulation on the same subject where a) RPO has been rearranged keeping in mind the present scenario of RE development b) Roof Top Solar PV sources (from 2KW -100KW) for injecting power into the distribution system of a licensee through net metering system has been encouraged c) Claim of CDM benefits through carbon trading has been introduced.

(b) Budget

The Revised Budget Estimate for the year 2010 - 2011 and the Budget Estimate for the year 2011 - 2012 were sent to the Department of Power vide this office letter No. WBERC/D-1/Pt -IV/ 0932 dated 10.11.2010 (Copy enclosed as Annexure-II).

(c) Regulations

WBERC makes Regulations with previous publication of draft Regulations inviting objections and suggestions from all stakeholders and interested persons. Notice inviting objections and suggestions on the draft regulations is published in some leading dailies - English, Bengali and Hindi. Draft of regulation is also put up in the website of the Commission inviting objections/suggestions/comments from all stakeholders and interested persons. Drafts of the proposed Regulations are also sent to the State Government in the Department of Power & Non-conventional Energy Sources, all distribution licensees and generating companies in the state, all members of the Advisory Committee, Central Electricity Regulatory Commission and State Electricity Regulatory Commissions inviting objections/suggestions /comments. Draft Regulations are kept ready in office for inspection and issue of copies thereof. The Regulations after publication in Kolkata Gazette, Extraordinary are sent for laying before the West Bengal Legislative Assembly as required under section 182 of the Electricity Act, 2003.

(i) **Consumer Complaints**

i) **Regulation**

In order to protect the interest of the consumers, the Commission took action as per Electricity Act 2003. At present the West Bengal Electricity Regulatory Commission (Guidelines for Establishment of Forum for Redressal of Grievances of Consumers and Time and Manner of Dealing with such Grievances by the Ombudsman) Regulations, 2006 issued under notification No.27/WBERC dated 17.01.2006 and published in Kolkata Gazette Extraordinary Part-I dated 17.01.2006 is in force. This has replaced the previous Regulations made in 2003.

ii) Ombudsman & Redressal of Grievances of Consumers:

In terms of the provisions of the Regulations mentioned above, there shall be as many Grievance Redressal officers as may be necessary at the rate of at least one such GRO at each sub-district/district/region/zone/headquarter level in each organization of each licensee. As per provisions of the above named Regulations, a forum is set up by each distribution licensee to redress the grievances of its consumers. The forum consists of Grievance Redressal Officers at different levels of the organization of each distribution licensee. **Any consumer can take his grievance(s) to such Grievance Redressal Officers for its/their redressal by submitting a grievance petition in writing in accordance with the provisions of the above mentioned Regulations.** The names, official designations, address etc. of the Grievance Redressal Officers of a distribution licensee should be available in the offices / sub-offices, bill payment centres, websites etc. of the distribution licensee. **However, no fee is required to be paid by a consumer for submission of a grievance petition to a Grievance Redressal Officer.** On receipt of a grievance petition, the concerned Grievance Redressal Officer is to acknowledge receipt of such a petition by a written communication within 7 (seven) working days from the date of its receipt. If the grievance does not call for consultation with a technical expert or a spot visit, the Grievance Redressal Officer is required to dispose of the grievance petition within a period of 21 (twenty one) working days from the date of sending the acknowledgement after giving a reasonable opportunity of hearing to the aggrieved consumer and others. If on the other hand the redressal of the grievance requires a consultation with a technical expert and / or a spot inspection, the Grievance Redressal Officer is required to dispose of the grievance petition within 45 (forty five) days from the date of sending the acknowledgement after hearing all concerned. The Grievance Redressal Officer is required to give a certified copy of his order by which he has disposed of the grievance petition to the grievance petitioner within 7 (seven) working days from the date of passing of the order. If a consumer still feels aggrieved, he may move the Ombudsman representing his case through a written submission in the format specified for this purpose. The necessary condition for doing the same is that the aggrieved consumer should already have approached at least one Grievance Redressal Officer seeking redressal of his grievance. If the concerned Grievance Redressal Officer has passed any order, a copy of the same is to be submitted to the Ombudsman. If the concerned Grievance Redressal Officer has failed to pass any order even after specified time from the date of lodging of the grievance petition, the aggrieved consumer will be entitled to represent his case before the Ombudsman without any copy of any order of the Grievance Redressal Officer. **No fee needs to be paid for approaching the Ombudsman.** A distribution licensee is required to comply with the orders of the Ombudsman within 30 (thirty) days from the date of issue of the order and submit a compliance report within 15 (fifteen) days thereafter.

Office of the Ombudsman, West Bengal Electricity Regulatory Commission for all distribution licensees in the State as required under section 42(6) of the Electricity Act 2003 started functioning from 21.06.2004 within the office of the Commission itself and thereafter that office had been relocated twice and presently the Office of the Ombudsman is functioning in the hired accommodation at "**Bikalpa Shakti Bhavan (WBREDA)**", **3rd Floor, J-1/10, EP & GP Block, Sector-V, Salt Lake, Kolkata - 700 091** at the usual office hours on all the working days in a week excepting holidays.

So far office of Ombudsman dealt with the following consumer grievances upto 2010-11 since inception in June 2004:—

Grievance against	No. of complaints		
	Received	Disposed off	Pending
WBSEDCL	2285	2028	257
CESC Ltd.	1025	1002	23

SHRELCOP	36	36	—
DPSC Ltd.	02	01	01
DVC	01	01	—
Total	3354	3073	281

During 2010-11, Office of Ombudsman received 1005 cases and disposed of 782 cases

iii) Consumer complaints received by the Commission:

Complaints against the licensees were lodged by the consumers alleging wrong security deposit, excess billing, incorrect disconnection, non-receipt of meter, non-compliance of provisions of the Electricity Act 2003 and regulations framed there- under. Some of those complaints were taken up with the utilities for obtaining reports. On receipt of reports, the Commission took views on the allegations. The Commission so far received **1098** complaints. **51** cases were redirected to Ombudsman. So Commission had dealt with **1047** cases (91 in 2010-11). Out of 1047 complaints **1047** were disposed of (**100** in 2010-11 including **09** complaints which were pending at the end of the year 2009-10) and no complaints were pending with the Commission. Since forum for redressal of consumer grievances and the Ombudsman are now fully operational, Commission was not required to take up any hearing of the matters referred to the Commission during 2010-11. Those

matters were disposed of on obtaining reports from licensees and advising the applicants suitably. Only the matters referred to the Commission under section 142 of the Electricity Act, 2003 needed to be dealt with at the Commission.

* In terms of West Bengal Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations 2007 as amended, every Generating Company and Licensees shall file application for tariff under Multi years Tariff Framework once in a control period which is normally a period consisting of multiple years. Thus, fee for application for tariff will be received ones in a control period of multiple years, which amounts to ₹ 506.91 Lakh approx in 2011-12. So the Commission is having an unequal pattern of income and thus surplus arising at the beginning of a control period shall be utilized to meet the shortfall of the remaining years in a control period and thereby the expenditure will be on overall basis during the control period.
