Facts in brief:

- 1.0 The West Bengal State Electricity Distribution Company Limited (WBSEDCL) submitted an application vide letter dated 05.07.2022 for approval of the Second Supplementary Agreement to the principal Power Purchase Agreement dated 11.12.2010, First Supplementary Agreement dated 17.03.2017 and its amendment dated 03.11.2020 executed by and between M/s Bengal Energy Limited (BEL) and WBSEDCL for a period of one year (i.e., upto 16.03.2023) in terms of regulation 7.4.1 of the West Bengal Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2011, as amended from time to time [in short 'Tariff Regulations']. The Commission admitted the application in Case No. PPA – 74/14-15 (Vol. II).
- 2.0 The application of WBSEDCL inter-alia states the following:
 - 2.1 WBSEDCL has entered into a Power Purchase Agreement (PPA) with M/s Bengal Energy Limited on 11.12.2010 (Principal Agreement) for purchase of entire power by WBSEDCL from BEL's 40 MW waste heat-based cogeneration plant at Makrampur, West Bengal for a period of 5 years with effect from 17.03.2012 at a mutually agreed tariff. After detailed analysis, the Commission approved the said PPA vide order dated 10.01.2011.
 - 2.2 Thereafter, as per the direction of the Commission vide order dated 22.06.2016, WBSEDCL and BEL have agreed to amend the PPA dated 11.12.2010 through First Supplementary Agreement dated 17.03.2017 by extending the contract period up to 16.03.2022. The Commission vide its order dated 06.08.2019 approved the First Supplementary Agreement dated 17.03.2017 and directed WBSEDCL to modify certain provisions in the PPA and submit the same for record. Accordingly, WBSEDCL submitted Amendment 1 to the First Supplementary Agreement on 03.11.2020 for record of the Commission.
 - 2.3 Now, in the instant petition, WBSEDCL and BEL had entered into a Second Supplementary Agreement on 31.03.2022 to extend the contract period for one (1) year i.e., from 17.03.2022 to 16.03.2023 with a proposed single part tariff of Rs. 2.84 per kWh.

Observations of the Commission:

- 3.0 Clause (b) of sub-section (1) of section 86 of the Electricity Act 2003 inter-alia specifies that, while discharging its function, the State Commission shall regulate electricity purchase and procurement

In regard to the application submitted by West Bengal State Electricity Distribution Company Limited (WBSEDCL) for approval of the Second Supplementary Agreement to Power Purchase Agreement dated 11.12.2010 and subsequent First Supplementary Agreement dated 17.03.2017 and its amendment dated 03.11.2020 executed by and between M/s Bengal Energy Limited (BEL) and West Bengal State Electricity Distribution Company Limited (WBSEDCL) for a period of one year (upto 16.03.2023)

process of distribution licensees including the price at which electricity shall be procured from the generating companies or licensees or from other sources through agreements for purchase of power for distribution and supply within the State. Further, and clause (e) of sub-section (1) of section 86 of the Electricity Act 2003 inter-alia specifies that the State Commission shall promote co-generation and generation of electricity from renewable sources of energy.

4.0 In the instant petition, WBSEDCL has proposed to purchase cogeneration power from BEL for a period of one (1) year i.e., from 17.03.2022 to 16.03.2023 at a mutually agreed single part tariff of Rs. 2.84 per kWh. In terms of applicable regulations, the Commission observes the following:

- i. The prayer for purchase of power is for a period of one (1) year i.e., on short-term basis and in terms of regulation 7.5.4 of the Tariff Regulation, licensees can seek for post – facto approval of PPA on short term procurement of power within three (3) months of entering such agreement.
- ii. The proposed purchase of power by way executing a Second Supplementary Agreement is basically an extension of the tenure of existing PPA, which has already been approved by the Commission vide orders dated 10.01.2011 and 06.08.2019.
- iii. The proposed single part tariff of Rs. 2.84 per kWh is well within the ceiling rate of Rs. 3.34 per kWh as specified by the Commission for power purchase from co-generation plants. The proposed tariff is also below the average power purchase of WBSEDCL for 2022 – 23 (Rs. 3.36 per kWh). Thus, the power purchase from BEL is found to be beneficial to WBSEDCL and its consumers.

Order:

5.0 The Commission after considering the above facts and its responsibility to promote Cogeneration and Renewable source of energy under clause (e) of sub-section (1) of section 86 of the Act approves the Second Supplementary Agreement dated 31.03.2022 executed by and between the WBSEDCL and M/s Bengal Energy Limited for purchase of entire 40 MW power from waste gas-based power plant of BEL on mutually agreed basis in terms of regulation 7.5.4 of the Tariff Regulations.

6.0 The petition is thus disposed of.
